

April 7th, 2020

Dear Patients,

The ADA (American Dental Association) released an Interim Recommendation urging dentists to continue to postpone, until April 30 at earliest, all except urgent and emergency dental procedures. The postponement extension is aligned with a recommendation from the Centers for Disease Control and Prevention.

We are taking this week to week and hope to open sooner than later. At this point, we're hoping to see you all in May, but know that this date may change again so we appreciate your patience during this stressful time. We will contact anyone this affects.

We will be available by email, Facebook messenger (which is checked very frequently), phone, and by virtual consultation via our website. As always, contact us if you have any concerns or emergencies. We are happy to help! Stay safe. Stay home.
